Juniper Lodge

Overlooking the 18th hole of the Tom Fazio-designed Championship Golf Course, The Juniper Lodge on the Juniper Preserve, offers stunning views of the surrounding juniper groves and nine peaks along the Cascade Mountain Range. With a striking modern design unlike anything else in the area, the Lodge features 82 guest rooms and suites; a vibrant lobby lounge and gathering place that connects indoor and outdoor dining spaces.

FEATURED COURSE

Pronghorn *Fazio*

This masterful Tom Fazio-designed course blends the challenge of championship golf with the inherent aesthetics of the natural terrain. Rolling fairways and sculpted greens are punctuated by ancient lava rocks, stunning water features and dramatic juniper trees. Our exclusive, one-of-a-kind course is home to one of the most unique holes in the world: a par three, 8th hole that includes a 45-foot canyon and an exposed lava tube.

FEATURED COURSE

Sunriver *Crosswater*

Situated on 600 magnificently scenic acres of woodlands and carefully preserved wetlands, Crosswater is threaded by the gently flowing Deschutes and Little Deschutes Rivers. The design is traditional heathland style and the golf course features five tee placements for each hole as well as bent grass fairways and greens.

FEATURED COURSE

Tetherow Golf *Club*

Created by the same course architect that designed Bandon Dunes, it's consistently been named one of the top public courses in the country.

The links style course features imaginative routing lined by fescue grasses flowing magnificently with the natural terrain. Tetherow offers a diverse mix of holes framed by ragged bunkers, knobs, and is surrounded by panoramic views of Oregon's high desert and Central Cascade Mountains

FEATURED COURSE

Pronghorn *Nicklaus*

This signature Jack Nicklaus golf course plays firm and fast and accommodates golfers of every skill level. This incredibly scenic property and course provides a minimalist experience with an emphasis on the golf game itself; combining strategy with playability, beautiful transitions and true putting surfaces.
